APRIL 2010

## ON THE MOVE

**EXPERT DATA**  
**Forensics & Recovery**  
(888)355-3888

Data & Computer  
Forensic  
Investigator  
(NV PI Lic#1498)  
Adrian Leon Mare

We are moving!

Expert Data Forensics is to take over our very own 1300 sq ft. of-  
fice. We are relocating physically from 2620 Regatta Drive Suite 102  
to 5701 N Rainbow Suite 180. We will be officially operating from  
the new location on May 1<sup>st</sup> 2010. Our mailing address will remain  
PO BOX 35006 Las Vegas NV 89133. We are expanding and needed  
additional space for our computer forensics lab.

“I’m excited about the move,” said Leon Mare  
owner and Senior Data Forensic Investigator

“We’ve designed the lab to accommodate  
growth, we are still the only computer company who is licensed  
as a Private Investigation firm in Nevada, allowing us to legally con-  
duct Computer Forensic Investigations”

DataForensics

We will split and expand our laboratories to accommodate for your increasing needs and  
our growth. We now have an individual Cell Phone Forensics/ Date Recovery laboratory  
and a Computer Forensics laboratory. Along with the physical growth, we also increased  
our certifications to include certifications in the Windows Forensics Vista, MAC Foren-  
sics as well as the latest in Mobile Phone Examiner Analysis.

The majority of our business is referral based and we are more than grateful for all of your  
kind words and patronage. We thank you all for enabling us to grow. We continuously  
strive to provide the utmost professional and secure service. Our move will only serve to  
help us with our journey.

Thank you,

Leon Mare and the Staff at Expert Data Forensics.
