FORENSIC INVESTIGATION

As experts in Digital Forensics, we secure, analyze, recover and investigate electronic data and eDiscovery from hard drives, computers, laptops, pen drives, cell phones and PDA's. We assist in civil litigation, domestic disputes and criminal investigations

FORENSIC IMAGING

Digital Forensic Imaging creates a bit-for-bit clone digital evidence, following legal chain of custody procedures, that results in viable evidence that can be analyzed and used in court.

EXPERT WITNESS

An expert data forensics witness acts as a trial authority in data forensics, lending the weight of experience and knowledge to the interpretation and veracity of digital evidence analysis.
